Honourable Eric N. Dawe,

Minister of Municipal Affairs

Sir,

I have the honour to submit the report on the finances of the municipalities of Newfoundland for the financial year 1st. January to 31st. December, 1968.

I have the honour to be, Sir,

Your obedient servant,

H. U. ROWE,

Deputy Minister of Municipal Affairs.

FOREWORD

This report indicates the financial position of the municipalities in Newfoundland and Labrador as at December 31, 1968, based on the audited financial statements. It should be noted, however, that the Report does not include statistical data for thirty-five municipalities in respect of which audits had not been completed.

Taxes, rates, and assessments receivable at the end of the year exceeded the 1967 total by more than $600,000. While some municipalities succeeded in reducing their tax arrears, there has been no general improvement in the collection of outstanding taxes. Greater emphasis must be placed on this important aspect of municipal management if councils are to meet ordinary operating costs and provide for new services.

While funds were made available in 1968 to permit the undertaking of the most essential capital works, it was, nevertheless, necessary to defer a number of major projects. All municipalities are currently experiencing difficulties in the field of capital financing, and the fact that a reasonable standard of public services is still being maintained is a tribute to the members of the various councils and other administrators of local government in the Province.

ERIC N. DAWE,

Minister of Municipal Affairs and Housing.

101-05567/

INTRODUCTION

MUNICIPAL GROWTH

As a result of new incorporations in 1968 some 340,000 persons representing approximately 65% of the total provinical population now reside in local government areas. Ten municipalities were created during the year consisting of one Town, three Local Improvement Districts, and six Communities, increasing the total number in the Province to 173. Revenue from local sources showed a considerable increase in comparison with 1967, rising from $13,165,230.00 to $18,584,839.00. Grants from the Province totalled $4,540,306.00 as compared to $4,156,022.00 in 1967. The discontinuance of the Municipal Winter Works Incentive Program, and the completion of the Centennial Grants Program reduced grants received from the Government of Canada under cost sharing programs to $31,576.00 from the 1967 total of $206,696.00, exclusive of grants in lieu of taxes on real property which are included in taxation revenue. Total municipal expenditures in 1968 were $23,197,451.00 including capital expenditure out of revenue amounting to $5,248,171.00, reflecting an increase of $4,970,735.00 over that of the previous year. The total value of fixed assets at $102,036,623.00 exceeded that of 1967 by $11,707,674.00 and works in progress valued at $4,613,292.00 increased by $1,052,776.00.

DEBENTURE DEBT

The total unmatured debenture debt at December 31, 1968 was $25,420,383.00. Debentures retired during the year amount to $1,106,900.00.

OTHER LONG TERM DEBT

The total other long term debt at December 31, 1968 was $18,984,636.00, including an amount of $7,482,993.00 due to the Newfoundland Municipal Financing Corporation in respect of funds advanced to various municipalities for capital expenditures. Repayments to the Corporation during the year totalled $72,422.00.

REVENUE AND EXPENDITURE

Gross municipal revenues for 1968, including grants from the Governments of Canada and the Province totalled $22,322,378.00. Revenue from local sources amounted to $18,584,839.00, of which $13,086,193.00 was derived from taxation. Total expenditures by the municipalities in 1968 were $23,197,451.00.

PROVINCIAL GOVERNMENT GRANTS

Grants to the municipalities amounted to $4,540,306.00 including $20,000 in statutory grants to the City of St. John's and $400,000 in annual operating grants to the City of Corner Brook. Excluded from the total provincial grant of $4,540,306 is an amount of $1,107,197.00 paid to municipalities participating in the Provincial Municipal Street Paving Program. In addition to the specific grants aforementioned, the following grants are paid to municipalities outside of the Cities of St. John's and Corner Brook.

REVENUE GRANTS

These are paid to all Councils incorporated under The Local Government Act and The Community Councils Act on the following basis:

(1) $2.00 for $1.00 on collections up to $1,000.

(2) $1.00 for $1.00 on collections from $1,000 up to $ 5,000

(3) $0.90 for $1.00 on collections from $5,001 up to $15,000.

(4) $0.70 for $1.00 on collections from $15,001 up to $25,000.

(5) $0.50 for $1.00 on collections from $25,001 and upwards to a maximum payment of $75,000.

INITIAL GRANTS

The purpose of these grants is to enable new municipalities to set up office and inaugurate essential services prior to receipt of taxes for the first financial year.

PER CAPITA GRANTS FOR ROADS

As the title indicates these grants are determined in accordance with the number of persons living in the area served and are paid to Local Road Boards and municipalities established under The Local Government Act and The Community Councils Act. The present rates are as follows:

(1) in all Local Road Board and Community Council areas having highroad connections annual grants to be computed on the basis of $400.00 per mile plus $1.00 per capita of population;

(2) in respect of Town Councils, Rural District Councils and Local Improvement Districts a grant of $2.50 per capita of population to be made; and

(3) in all Local Road Board and Community Council areas without highroad connections annual grants to be awarded on the basis of $3.00 per capita of population.

EMERGENCY ASSISTANCE GRANTS

These grants are made in exceptional cases, where, in the opinion of the Minister of Municipal Affairs and Housing, an urgent need exists.

CONCLUSION

While the monies available for the provision of municipal services, particularly water and sewerage, were by no means adequate to meet the constant demand for these services, there was, nevertheless, a considerable increase in capital expnditures during 1968. This is indicative of some lessening in the restrictcions on capital borrowing, and it is hoped that the position in this respect will continue to improve.
